Dear RAD staff – I know that many of you have seen draft copies of an Executive Order related to the USRAP that is expected to be finalized and signed tomorrow. In light of this anticipated announcement, we've determined that it would be prudent to suspend circuit rides that are scheduled to depart between now and February 15.

We are also suspending the remaining PDBs planned for this week.

For our TDYers who are here in DC, we will be sharing information as soon as possible about travel arrangements for returning to home offices.

I hope to share more information tomorrow.

Field managers,

I wanted to make you aware of the statement made by Secretary Kelly earlier today with respect to LPRs re-entering the United States. Consistent with S1's directive, all field offices should continue to process I-131A applications filed by LPRs overseas, regardless of the nationality of the applicant. To confirm, I-131As filed by LPRs who are nationals or dual nationals of the 7 countries outlined in the Executive Order signed on January 27 (Iraq, Iran, Libya, Somalia, Sudan, Syria, and Yemen), should continue to be adjudicated and travel documents issued per existing guidance.

Additional guidance related to the issuance of that E.O. will be forthcoming. Thanks for your patience – I know you have a number of questions, and we will work as quickly as we can with others in USCIS and the Department to clarify them.

Thanks,

Maura

STATEMENT BY SECRETARY JOHN KELLY ON THE ENTRY OF LAWFUL PERMANENT RESIDENTS INTO THE UNITED STATES

WASHINGTON – In applying the provisions of the president's executive order, I hereby deem the entry of lawful permanent residents to be in the national interest.

Accordingly, absent the receipt of significant derogatory information indicating a serious threat to public safety and welfare, lawful permanent resident status will be a dispositive factor in our case-by-case determinations.

Importance: High

DDs/DDDs,

I realize that you have many questions about the Executive Order and appreciate that you have been sending them forward. Please continue to do so. Unfortunately, things remain in flux and we do not have cleared guidance we can provide other than the following for the next few days or less (if we get additional guidance sooner):

- Do not issue any final approvals for any I-730 refugee following to join cases. Further guidance will be coming about how to update CAMINO, etc.
- Do not issue any final approvals for any other application, including I-730 asylee following to join adjudication and travel eligibility cases for nationals or dual nationals of the 7 countries referenced in the Executive Order (Iraq, Iran, Libya, Somalia, Sudan, Syria, and Yemen), with the exception of I-131As (see attached email). You can approve I-131As for all applicants following existing guidance, which requires that you flag for HQ any with serious derogatory information for possible discretionary denials. Further guidance will be coming.
- If you have refugee cases scheduled for Monday or Tuesday of this week, please cancel them if there is sufficient time to do so. If there is not sufficient time to cancel, then please collect the applicant's biometrics, review his or her bio-data for accuracy and completeness, and inform the applicant that he/she will be notified when the case is able to proceed in the future.

Right now, we are staying the course on the refugee CR in Indonesia; the team on the ground can continue interviewing and processing the cases there until further notice.

The above guidance is only a stop-gap to assist in addressing the most urgent needs for the next couple of days when more detailed cleared guidance can be issued. Also, for awareness, OCOMM is working on talking points and FAQs related to the Executive Order, which should be issued via USCIS Broadcast soon.

I appreciate the difficulty of being on the front line and getting inquiries from the public and others for which we don't yet have complete answers. Many people throughout the Agency and Department are working hard to sort out the impact of the E.O. on the Agency, and I will continue to keep you posted.

Thank you for your continued patience as we navigate the current policy changes.

captured our immediate needs, understanding that we'll have fuller guidance once DHS implementing guidance is issued and USCIS is able to issue its own, as well. If you are able to provide a quick review and get me any comments or questions tomorrow, I'll incorporate your feedback into the 'final' interim guidance to the field tomorrow. Continue to send questions my way – they've been very helpful in flagging issues we need to address.

Still no decision on our 2 CRs. At this point, I don't expect I'll have a further update until after their processed ends on Monday, so the teams should plan to proceed business as usual. Hopefully with this knowledge they can fully enjoy their Sunday. I appreciate their patience very much; limbo is not a desirable place to be.

Thank you!

Memorandum

TO: All USCIS Employees

FROM: Lori L. Scialabba *Lori Scialabba*
Acting Director

SUBJECT: Guidance Concerning Executive Order on Immigration

On January 27, President Trump signed an Executive Order entitled "Protecting The Nation From Foreign Terrorist Entry Into The United States." This memorandum provides guidance from the Department of Homeland Security (DHS) regarding the impact of this Executive Order on various immigration benefit requests.

All USCIS employees should be aware of current guidance from DHS, specifically:

1. Section 3(c) of the Executive Order does not affect USCIS adjudication of applications and petitions filed for or on behalf of individuals in the United States regardless of their country of nationality. Section 3(c) also does not affect applications and petitions by lawful permanent residents outside the United States, or applications and petitions for individuals outside the United States whose approval does not directly confer travel authorization (including any immigrant or nonimmigrant visa petition). This includes, but is not limited to, the matters discussed more specifically in paragraphs 2, 3 and 5 below.
2. Applications to Register Permanent Residence or Adjust Status (Form I-485) may continue to be adjudicated, according to existing policies and procedures, for applicants who are nationals of countries designated in the Executive Order.
3. USCIS will adjudicate Refugee/Asylee Relative Petitions (Form I-730) for all beneficiaries, from any country of nationality, currently in the United States according to

existing policies and procedures. Further guidance will be issued with respect to beneficiaries currently outside of the United States.

4. USCIS will continue refugee interviews when the person is a religious minority in his or her country of nationality facing religious persecution. Additionally, USCIS will continue refugee interviews in jurisdictions where there is a preexisting international agreement related to refugee processing. USCIS will not approve a refugee application for an individual who we determine would pose a risk to the security or welfare of the United States.
5. USCIS will continue adjudicating all affirmative asylum cases according to existing policies and procedures.

Questions concerning the information contained in this memorandum may be addressed via your directorate or program office through appropriate supervisory channels.

QUESTION 1

How many refugees are travel ready and by that I mean we've completed everything and they could get on a plane. I want a breakdown by nationality.

RESPONSE: We have to request this information from PRM to extract from WRAPS. Additionally, RAD has been told to work with the RSCs to provide the most detailed information about cases as not everything is reflected in WRAPS.

QUESTION 2

I know you already did it but give me a list of where we are on circuit rides right now, how many officers, and what the populations look like.

South Africa - Sudanese/Somalis, team of 4

Malaysia (sp) - Rohingya team of 4?

Make corrections where I have things wrong

RESPONSE: Here is a table with all planned Q2 circuit rides and their current status. Please see attached for further information on nationalities.

QUESTION 3

Scheduled circuit rides coming up with the same information.

RESPONSE: See above and attached.

QUESTION 4

Can we get an RSO assessment on places we would normally go that may be dangerous after this announcement. Baghdad, Turkey, Egypt, Jordan, etc. Get me a completely list of where you think that is necessary. I don't think we will be going anywhere but having the information will be helpful.

RESPONSE: Any location in the Middle East (Egypt, Iraq, Jordan, Turkey, Lebanon, Saudi Arabia, and UAE). We would want to closely monitor all locations as we were notified today about unrest in Vienna affecting processing.

QUESTION 5

IF we are only admitting 50,000 refugees do we need to do more circuit rides to reach that number. Keep in mind we may not be admitting anyone or very few people from the 7countries.

RESPONSE: USCIS will request this pipeline data extract from PRM. Without reviewing the data, our impression is that there would likely be enough refugees (excluding the 7 nationalities) to ensure 20K additional admissions. We understand that that RSC could pivot to other nationalities for pre-screening if necessary. We also may have to conduct re-interviews on any post-interview refugees that are in the pipeline in order to apply extreme vetting measures.

QUESTION 6

Please get me the number of I730s we have ready to interview or have interviewed that could travel. Break it down that way with nationalities. I also need it broken down by Asylum vs Refugee following to join.

RESPONSE: Only IO data is reported below which represents approximately 40-45% of total I-730 caseload worldwide. Please note DOS/Consular Affairs does roughly 50% of these interviews. USCIS will request statistics from State/PRM and State/Consular Affairs to try to obtain complete I-730 caseload data.

Yes, each asylum office has a public affairs contact at the local district and/or region. But I will forward this to Angie at OLA for now. Thanks, Ted

Yes. That is correct, for now. Does asylum have public affairs officers? I can't recall.

Joanna: Like yesterday's inquiry from AILA, I assume we should be directing these inquiries to OLA? Thanks, Ted

Ted: We are starting to get a number of questions from our stakeholders about what we are going to do with cases from these 7 nationalities (I was just stopped in the hallway by our local AILA liaison and asked about this). Are there any talking points that we can use for communications with external stakeholders on this issue, or is there any part of the info below that we can share? I think that the word is getting out that it is not business as usual at our offices, and I think it would be good for all of us to be going out with the same message. Thanks, David

Field leadership,

Just wanted to give you a heads-up on instructions you may need to begin implementing on Monday. In light of the language in Friday's Executive Order, we may need to put a hold on decision-making for asylum cases from Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya. We may also be asked to postpone any scheduled interviews.

On Monday morning, you should plan on preventing any decision document from being issued in person or by mail to a national of any of the above countries unless or until you are instructed otherwise.

You should also review you list of upcoming interviews and be preparing to cancel any scheduled interviews for persons from one of the listed countries. DO NOT cancel any interviews, however, until you receive instructions from HQ on how to proceed. Hopefully, we will have more guidance on the interviews by Monday morning.

Please let Ted and I know if you have any questions.

Thanks!

John

A literal reading of the EO and cited INA sections would not indicate that this processing suspension applies to the processing of asylum applications, but I understand why it might be wise to cancel interviews and place on hold cases from the relevant countries while we await additional guidance. Unless you want us to hold off, I will issue such guidance by e-mail today.

FYI.

I think we also need guidance on how this applies to asylum. May want to cancel interviews and place in hold asylum applicants from these countries.

I am hoping we can work with the front office to get a memo to all USCIS staff to be issued Monday.

Subject: Executive Order: PROTECTING THE NATION FROM FOREIGN TERRORIST ENTRY INTO THE UNITED STATES - Service Center Instructions

Center Directors and Deputies,

On January 27, 2017, the President signed an Executive Order that, in part, relates to the suspension of processing of certain immigration benefits. Section 3(c) of the Executive Order invokes sections 212(f) and 217(a)(12) of the INA to temporarily suspend the entry immigrants and nonimmigrants who are from Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya for 90 days from the date of the Executive Order.

While we await further guidance, we must temporarily suspend adjudication of all applications, petitions or requests involving citizens or nationals of the listed countries. At this point there are no exceptions for any form types, to include I-90s or I-765s. Please physically segregate any files that are impacted by this temporary hold pending further guidance. As you would expect, we will be developing a weekly report format for you to identify the number and types of cases on hold.

We expect to issue more detailed guidance and procedures in the coming days.

Please ensure this guidance is conveyed as soon as possible to all appropriate employees and get back to us with any questions. Also, please reply to let me know each center has received this message.

Thanks,

Don
